## **This Month's Theme: Spring Into Action**

This month is a good time to spring into action with outdoor activities such as hikes, sports and games, cleaning up litter along ponds, parks or roadsides, or planting some trees for improved habitat. Make plaster casts of the animal tracks you find on your hike. Visit and talk with someone who works with wildlife conservation and visit a fish hatchery, zoo, animal shelter, or wildlife sanctuary. Bring along food and supplies that they might need as part of your "Good Turn for America." Build bird houses, bird baths, feeding stations, or boxes for nesting materials. Do a community service project with your chartered organization to show your positive attitude in doing your best. This would be a good month to work on the Conservation belt loop and pin.

Next Month's theme: *In the Spotlight!*

## **Cubmaster's Corner:**

This April, our purpose is to spring into action, not to get more exercise (although this is a good benefit), not simply to make us happy (although this is usually a result), but to spring into action for others. Cleaning up litter, planting trees, or helping other people is just one way that you Cub Scouts show the world that you care and are good citizens. I thank you and salute you.

## Den News:

**Tiger Den 2:** learned about fire safety by visiting the Poway Fire Station.
